PEDIATRIC CPR SKILLS TRAINING
Chest Compressions, Ventilations, CPR

SmartBaby is an Intelligent CPR Skills Feedback Training System, designed to rapidly improve the Quality & Performance of Chest Compressions and Ventilations, according to the latest Guidelines.

Real Time Feedback helps to improve how you perform pediatric CPR. The SmartMan color bars provide easy to understand visual color feedback so you can quickly adjust skills performance. You can develop muscle memory needed for better skills performance.

Pediatric CPR Skills

|
